

## REMARKS

This Amendment is in response to the final Office Action mailed on February 3, 2005. Claims 10, 12 and 14-21 have been cancelled without prejudice. Claims 1, 11 and 12 have been amended. No new matter is added by these amendments. Claims 1-12 are pending in this application.

### Allowable Subject Matter & Examiner Interview

The Examiner indicated in the outstanding Office Action that claims 12 and 13 included allowable subject matter, but were objected to for depending on rejected base claims, and would be allowed if rewritten to incorporate the subject matter of claims 1 and 10. Claim 1 has been amended to include the subject matter of claims 13 and 10. Claim 12 has been rewritten to include the subject matter of previously presented claims 1 and 10.

Regarding amended claim 1, one term is different than it was in claim 13. The term "a fourth channel radio frequency range" has been replaced by the term "an additional radio frequency range" to clarify that claim 1 does not require more than three radio frequency ranges. Applicants discussed this change with Examiner Perez on May 2, 2005 by telephone. Examiner Perez indicated that the term change was acceptable to her, and that she would contact Applicant's undersigned representative by telephone if there was any issue that prevented allowance of the application once she had the amendment officially before her. Applicant thanks Examiner Perez for her time and kind manner in responding to Applicant's questions.

As a result of these amendments, pending claims 1-12 are now in condition for allowance. Claims 10 and 13 have been cancelled to avoid redundancies. Claim 11 has been amended to depend from amended claim 1 rather than claim 10, because the subject matter of claim 10 has been incorporated into claim 1.

### Claim Rejections Under 35 U.S.C. 112

Claims 12 and 13 were rejected as being indefinite for omitting the element "second frequency range". The incorporation of the subject matter of claim 10 into claims 1 and 12 renders the §112 rejection moot.

In view of the above amendments and remarks, Applicants respectfully request a Notice of Allowance. If the Examiner believes an additional telephone conference would advance the prosecution of this application, the Examiner is invited to telephone the undersigned at the below-listed telephone number.

Respectfully submitted,
